Prerequisites										
the user is on the sign up page										
Validate sign up leaving first name field empty	TC 01	Validate sign up leaving first name field empty								
	1.1	Leave first name field empty								
	1.2	Enter a valid last name (e.g. "Jones")								
	1.3	Enter a valid email address (e.g. "Testuser5@gmail.com")	system should display an error message: " first name field can't be blank"	pass	An error message has been displayed : " first name field can't be blank"	High	The user remains on the sign up page	-		
	1.4	Enter a valid password (e.g. "Chrisjones1234")								
	1.5	Click the "CREATE" button								
Validate sign up leaving last name field empty	TC 02	Validate sign up leaving last name field empty								
	2.1	Enter a valid first name (e.g. "Chris")								
	2.2	Leave last name field empty	system should display an error message: " last name field can't be blank"	pass	An error message has been displayed : " last name field can't be blank"	High	The user remains on the sign up page	-		
	2.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	2.4	Enter a valid password (e.g. "Chrisjones1234")								
	2.5	Click the "CREATE" button								
Validate sign up leaving email address field empty	TC 03	Validate sign up leaving email address field empty								
	3.1	Enter a valid first name (e.g. "Chris")								
	3.2	Enter a valid last name (e.g. "Jones")								
	3.3	Leave the email address field empty	system should display an error message: "email can't be blank"	pass	An error message has been displayed : " email can't be blank"	High	The user remains on the sign up page	-		
	3.4	Enter a valid password (e.g. "Chrisjones1234")								
	3.5	Click the "CREATE" button								
Validate sign up leaving password field empty	TC 04	Validate sign up leaving password field empty								
	4.1	Enter a valid first name (e.g. "Chris")								
	4.2	Enter a valid last name (e.g. "Jones")								
	4.3	Enter a valid email address (e.g. "Testuser5@gmail.com")	system should display an error message: " password can't be blank"	pass	An error message has been displayed : " password can't be blank"	High	The user remains on the sign up page	-		
	4.4	Leave the password field empty								
	4.5	Click the "CREATE" button								
Validate Sign up with too long first name	TC 05	Sign up with too long first name								
	5.1	Enter a very long value in the first name field (e.g. more than 30)								
	5.2	Enter a valid last name (e.g. "Jones")	system should display an error message: "first name cannot exceed maximum allowed length"	fail	The system has accepted the input and the user was successfully signed in	High	No validation for maximum length in the first name field The system accepts too long input	BUG 03	Medium	Bug 03
	5.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	5.4	Enter a valid password (e.g. "Chrisjones1234")								
	5.5	Click the "CREATE" button								
Validate Sign up with too long last name	TC 06	Sign up with too long last name								
	6.1	Enter a valid first name (e.g. "Chris")								
	6.2	Enter a very long value in the last name field (e.g. more than 30)	system should display an error message: " last name cannot exceed maximum allowed length"	fail	The system has accepted the input and the user was successfully signed in	High	No validation for maximum length in the last name field The system accepts too long input	BUG 04	Medium	Bug 04
	6.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	6.4	Enter a valid password (e.g. "Chrisjones1234")								
	6.5	Click the "CREATE" button								
Validate sign up with email address with wrong format	TC 07	Sign up with email address with wrong format								
	7.1	Enter a valid first name (e.g. "Chris")								
	7.2	Enter a valid last name (e.g. "Jones")								
	7.3	Enter an email address with invalid format (e.g. "testuser1234")	system should display an error message: " email is invalid "	pass	The system has displayed an error message "Include a '@' in the email address ", "Email address is incomplete"	High	The user should enter a valid email address format	-		
	7.4	Enter a valid password (e.g. "Chrisjones1234")								
	7.5	Click the "CREATE" button								
Validate Sign up with space at the beginning of the email address field (e.g. " user5@gmail.com")	TC 08	Sign up with a space at the beginning of the email address field (e.g. " user5@gmail.com")								
	8.1	Enter a valid first name (e.g. "Tim")								
	8.2	Enter a valid last name (e.g. "Jones")	system should display an error message: " email cannot contain white spaces "	fail	The system has allowed the user to sign up and there was no error message	High	No Validation for white spaces at the beginning of the email address	BUG 05	High	Bug 05
	8.3	Enter an email with space at the beginning (e.g. " user5@gmail.com")								
	8.4	Enter a valid password (e.g. "Chrisjones1234")								
	8.5	Click the "CREATE" button								
Validate Sign up with space at the end of the email address field (e.g. "testuser5@gmail.com ")	TC 09	Sign up with space at the end of the email address field (e.g. "testuser5@gmail.com ")								
	9.1	Enter a valid first name (e.g. "Chris")								
	9.2	Enter a valid last name (e.g. "Jones")	system should display an error message: " email cannot contain white spaces "	fail	The system has allowed the user to sign up and there was no error message	Medium	No Validation for white spaces at the end of the email address	Bug 06	High	Bug 06
	9.3	Enter an email with space at the end (e.g. "testuser5@gmail.com ")								
	9.4	Enter a valid password (e.g. "Chrisjones1234")								
	9.5	Click the "CREATE" button								
Validate Sign up with space at the middle of the email address	TC 10	Sign up with space at the middle of the email address								
	10.1	Enter a valid first name (e.g. "Chris")								
	10.2	Enter a valid last name (e.g. "Jones")	system should display an error message: " email cannot contain white spaces "	pass	The system has displayed an error message: "An email should not contain a space"	High	The user remains on the sign up page	-		
	10.3	Enter an email with space at the middle (e.g. "testuser5@gmail.c om")								
	10.4	Enter a valid password (e.g. "Chrisjones1234")								
	10.5	Click the "CREATE" button								
Validate sign up leaving a space in the password	TC 11	Validate sign up leaving a space in the password								
	11.1	Enter a valid first name (e.g. "Chris")								
	11.2	Enter a valid last name (e.g. "Jones")	system should display an error message: " password cannot contain white spaces"	fail	The system has allowed the user to sign up and the message:"password cannot contain white spaces" did not appear.	High	No validation for white spaces in the middle of the password field	Bug 07	High	Bug 07
	11.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	11.4	Enter a password with a space in the middle of it (e.g. "Chrisjones1234 ")								
	11.5	Click the "CREATE" button								
Validate sign up leaving a space in the beginning of the password	TC 12	Validate sign up leaving a space in the beginning of the password								
	12.1	Enter a valid first name (e.g. "Chris")								
	12.2	Enter a valid last name (e.g. "Jones")	system should display an error message: "password cannot contain white spaces"	pass	an error message has been displayed : "password cannot contain white spaces"	High	The user remains on the sign up page	-		
	12.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	12.4	Enter a password with a space at the start of it (e.g. " Chrisjones1234")								
	12.5	Click the "CREATE" button								
Validate sign up leaving a space at the end of the password	TC 13	Validate sign up leaving a space at the end of the password								
	13.1	Enter a valid first name (e.g. "Chris")								
	13.2	Enter a valid last name (e.g. "Jones")	system should display an error message: "password cannot contain white spaces "	pass	an error message has appeared: "password cannot contain white spaces"	High	The user remains on the sign up page	-		
	13.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	13.4	Enter a password with a space at the end of it (e.g. " Chrisjones1234 ")								
	13.5	Click the "CREATE" button								
Validate writing a password without numbers (e.g. chris@)	TC 14	Validate writing a password without numbers (e.g. chris@)								
	14.1	Enter a valid first name (e.g. "Chris")								
	14.2	Enter a valid last name (e.g. "Jones")	The system should display an error message: "Password is too weak, please add numbers."	fail	The system allowed the user to sign up successfully	High	It is recommended to strengthen the password policy	BUG 08	Medium	Bug 08
	14.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	14.4	Enter a password without numbers (e.g. "chris@")								
	14.5	Click the "CREATE" button								
Validate writing a password without special characters	TC 15	Validate writing a password without special characters								
	15.1	Enter a valid first name (e.g. "Chris")								
	15.2	Enter a valid last name (e.g. "Jones")	The system should display an error message: "Password is too weak, please add special characters. "	fail	The system allowed the user to sign up successfully	High	It is recommended to strengthen the password policy	BUG 09	Medium	Bug 09
	15.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	15.4	Enter a password without special characters (e.g. "chris123")								
	15.5	Click the "CREATE" button								
validate sign up with first name field with numbers	TC 16	validate sign up with first name field with a number								
	16.1	Enter a first name with a number (e.g. "Tim1")								
	16.2	Enter a valid last name (e.g. "Jones")	The system should display an error message : "First name is invalid"	fail	The system allowed the user to sign up successfully	High	There is no validation on this field	BUG 01	Medium	Bug 01
	16.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	16.4	Enter a valid password (e.g. "Chrisjones1234")								
	16.5	Click the "CREATE" button								
validate first name with special characters	TC 17	validate sign up with first name field with special characters								
	17.1	Enter a first name with a special character (e.g. "Tom1")								
	17.2	Enter a valid last name (e.g. "Jones")	The system should display an error message : "First name is invalid"	fail	The system allowed the user to sign up successfully	High	There is no validation on this field	BUG 02	Medium	Bug 02
	17.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	17.4	Enter a valid password (e.g. "Chrisjones1234")								
	17.5	Click the "CREATE" button								
Validate sign up with an already registered email address	TC 18	Validate sign up with an already registered email address								
	18.1	Enter a valid first name (e.g. "Chris")								
	18.2	Enter a valid last name (e.g. "Jones")	system should display an error message: "This email address is already associated with an account."	pass	The user has received an error message: "This email address is already associated with an account."	High	The user is navigated to the sign up page again	-		
	18.3	Enter an already registered email address (e.g. "Testuser5@gmail.com")								
	18.4	Enter a valid password (e.g. "Chrisjones1234")								
	18.5	Click the "CREATE" button								

Name	Steps	Actions	Expected Results	Test Status	Actual Results	Priority	Status	Bug	Severity	Evidence
validate sign up with last name field with numbers	TC 13	validate sign up with last name field with numbers								
	19.1	Enter a valid first name (e.g. "Chris")	The system should display an error message : "last name is invalid"	fail	The system has accepted the user input and allowed him to sign up successfully	high	There is no validation on this field	BUG 10	Medium	Bug 10
	19.2	Enter a last name with numbers (e.g. "Cole 3")								
	19.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	19.4	Enter a valid password (e.g. "Chrisjones1234")								
	19.5	Click the "CREATE" button								
validate sign up with 1 letter in the first name field	TC 20	validate sign up with 1 letter in the first name field								
	20.1	Enter a first name with 1 letter (e.g. "S")	The system should display an error message : "First name is too short"	fail	The system allowed the user to sign up successfully	high	It is recommended to define a minimum length validation on this field	BUG 11	Medium	Bug 11
	20.2	Enter a valid last name (e.g. "Jones")								
	20.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	20.4	Enter a valid password (e.g. "Chrisjones1234")								
	20.5	Click the "CREATE" button								
validate sign up with 1 letter in the last name field	TC 21	validate sign up with 1 letter in the last name field								
	21.1	Enter a valid first name (e.g. "Chris")	The system should display an error message : "last name is too short"	fail	The system allowed the user to sign up successfully	high	It is recommended to define a minimum length validation on this field	BUG 12	Medium	Bug 12
	21.2	Enter a last name with 1 letter (e.g. "T")								
	21.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	21.4	Enter a valid password (e.g. "Chrisjones1234")								
	21.5	Click the "CREATE" button								
validate sign up with too short password	TC 22	validate sign up with too short password								
	22.1	Enter a valid first name (e.g. "Chris")	The system should display an error message : "Password is too short , minimum 5 characters"	pass	"The system has displayed an error message : "Password is too short , minimum 5 characters"	high	User remains on the sign up page	-		
	22.2	Enter a valid last name (e.g. "Tom")								
	22.3	Enter a valid email address (e.g. "Testuser5@gmail.com")								
	22.4	Enter a password with less than 5 characters (e.g. "5u2")								
	22.5	Click the "CREATE" button								
validate sign up with too long password	TC 23	validate sign up with too long password								
	23.1	Enter a valid first name (e.g. "Chris")	The system should display an error message : "Password is too long , maximum 40 characters"	pass	"The system has displayed an error message : "Password is too long , maximum 40 characters"	high	User remains on the sign up page	-
